Free entrance from 9:00 a.m. to 10:00 a.m.

Free entrance for children under 5 years of age

ESPERIDI'S SWIMMING LAKE: HOW DOES IT WORK?

In order to guarantee our guests a controlled, safe and clean environment with quality services, we introduced a means of access to our Swimming Lake which involves a fee of € 1.00 per hour and € 0,50 every thirty minutes after the first hour.

Time counting starts when you pass your bracelet on the turnstile at the entrance, and it ends when you pass the bracelet again at the moment of exit.

REGISTRATION TO THE LAKE'S RECEPTION

For the entrance it is necessary to be registered at the reception or at the Lake's reception, where you have to communicate your name and register all the bracelets associated with your family unit. At the moment of registration you will be given a second bracelet that you can only use for the Lake. Only this second rubber bracelet allows you to enter the Lake and it registers all your accesses and exits.

This bracelet can be removed.

In case of loss of the bracelet you have to inform the reception as soon as possible, so that we can disable the bracelet avoiding improper use from a third person.

The direction is not responsible for the improper use of the lost bracelets from a third person.

You will be charged € 5.00 as compensation for the loss or non-return of the bracelet in addition to the balance of all registered accesses.
